EXPERIENCE

Generative AI Visual Design Intern | APR 2025 – AUG 2025
Meshkat Partners Ltd.

- Explored creative applications of generative AI by training LoRAs with Stable Diffusion and using them to design interactive 3D characters, visual books, and immersive digital experiences.
- worked with tools like ComfyUI and applied UX principles to blend art and AI in building next-gen digital experiences.

Co-Founder | SEP 2025 – PRESENT
noor-apparel | noor-apparel.com

- Co-founded a clothing brand with two friends, building the complete digital presence from the ground up.
- Designed and developed the e-commerce website at noor-apparel.com.
- Manage brand strategy, product development, and online customer experience.

PROJECTS

Noor Apparel Website & Brand Design
- Co-developed the brand identity, website layout, and digital marketing strategy for an Islamic-inspired streetwear brand.

Generative Character Creation (Stable Diffusion)
- Built custom LoRA models and ComfyUI workflows to produce consistent 3D characters and visual styles.

Residential Interior Redesign
- Collaborated on a full home renovation concept, creating spatial plans and visual designs later used by builders.

Logo Design Portfolio
- Designed logos for community organizations, small businesses, charities, and noor-apparel, adapting visual style to each client's brand identity.
